MESSES. O. R. BAKER & Co.—Dear Sirs:—1
have always had objections to having my name in any way attached to a Patent Medicine. But when I think (as I now have every reason to be-lieve) it has saved my life, I am induced by a sense of duty to those afficied, as I have been, to make my case known, and recommend your Balsam as a medicine that can be relied on.— About a year since I was attacked with a Lung Pever, which left my lungs much diseased; my cough was distressing, attended with pain in my left side. I had seen Wistar's Balsam of Wild Cherry pulled up in the papers, and I concluded to try it. I wed to the after bottle, which in taste and operation resembled paregorie, soothing tenporarily. My disease had by this time bee firmly scated. I had cold night sweats, hectic fevers, swelling of the limbs, &c. showing con-firmed consumption! The remedies 4 obtained from my physician also failed giving me permanent relief or benefit, my lungs now ulcerated, and I mised large quantities of matter from them-The Doctor told my friends that I must die! My brother then got a bottle of Dr. Hall's Balsam for the Lunga, and I commenced taking it. At first, it sickened me, but after taking more, I found it. that my lungs were healing, until, by the use of four bottles, I was restored to better health than I had enjoyed for years. I believe that if I had need Dr. Hall's Balsam when I was first attacked. it would have savel me from a vast deal of suffering. All I can say to others is try it and I think you will be benefitted if your disease is on your lungs.
